

Declaration of Compliance to the limitations of use of hazardous substances governed by Directive 2002/95/EC (RoHS)

C-TEC (Computationics Ltd) hereby declares that we have read and understood the provisions of European Directive 2002/95/EC on the Restriction of use of certain Hazardous Substances in electrical and electronic equipment (RoHS) regarding the reduction of the use of hazardous substances in electrical and electronic equipment, as well as the waste disposal of such equipment.

C-TEC (Computationics Ltd) hereby declares that all the products it supplies¹ comply with the provisions of the RoHS Directive on the restrictions of use of certain hazardous substances, that is, that they do not contain the substances listed in Table 1 in a concentration of higher than the maximum limits allowed.

Table 1: Substances banned by the ROHS Directive

| Substance | Maximum concentration limits | |
|---|---|----------------------|
| Lead and its compounds | 0.1% by weight of homogeneous material* | (1g/kg – 1000 ppm) |
| Mercury and its compounds | 0.1% by weight of homogeneous material* | (1g/kg – 1000 ppm) |
| Cadmium and its compounds | 0.1% by weight of homogeneous material* | (100mg/kg – 100 ppm) |
| Chromium VI and its components | 0.1% by weight of homogeneous material* | (1g/kg – 1000 ppm) |
| PBB (polybrominated biphenyl) | 0.1% by weight of homogeneous material* | (1g/kg – 1000 ppm) |
| PBDE (polybrominated biphenyl ether)** | 0.1% by weight of homogeneous material* | (1g/kg – 1000 ppm) |

*homogeneous material refers to a unit that cannot mechanically be broken down into multiple separate materials. The following may not be considered homogeneous materials: electronic components, glazed glass, and components or parts that are plated, coated or painted.

**with the exception of Decabromodiphenyl ether (CAS 1163-19-5).

Each supply dispatched after the date of issue of this document related to new products or components shall be considered in compliance with the RoHS Directive unless otherwise declared¹

Peter Frost
For C-TEC, January 2011

¹ On rare occasions C-TEC (Computationics Ltd) is instructed by customers to source and supply special products which may not comply with the requirements of the RoHS Directive, or where it is not practical to establish such compliance.
